

## **Update on developments concerning the Product Contact Points for Construction (CPR, Art 10)**

Till 18/3/2013 eleven Member States (**BE, BG, DA, FI, DE, HU, NL, SK, SL, SE and UK**) have informed us on the name and the contact details of their Product Contact Point for Construction. This allowed us to elaborate the table in the Annex and to upload this information on our website in:

[http://ec.europa.eu/enterprise/sectors/construction/files/cpr-nat-contact-points\\_en.pdf](http://ec.europa.eu/enterprise/sectors/construction/files/cpr-nat-contact-points_en.pdf)

Although far from being complete yet, the table is already considered very helpful by manufacturers who are interested in selling their products in other Member States.

SCC delegations are requested to inform DG ENTR/B-1 (email: [construction@ec.europa.eu](mailto:construction@ec.europa.eu)) of any correction /changes necessary in the attached table.

It goes without saying that the table must be complete by the next meeting of the SCC in July.

Furthermore, the EC services plan to organize a meeting with the PCP for Construction on **14/5/2013** in order to allow for PCP for Construction to exchange information and practices concerning various organisational and operational aspects of their work.

### List of Product Contact Points for Construction (Regulation (EU) 305/2011, Art 10) February 2013
